Schedule of Classes

Note about our schedule:

We don't just fill up the calendar with classes. Instead we list the weeks that are still "available" and let you pick the schedule that works best for you. Your plant's work load - your workers' vacation schedules - your plant's shift assignments - whatever. You know more about those issues than we do. So just **pick any "available" week** from the list below and then give us a call. You'll be amazed at how easy it is to arrange our training into your schedule - instead of the other way around.
